**NOTICE**

**Governors Island Draft Second Supplemental Generic Environmental Impact Statement (DSSGEIS) Hearing Docket**

**On Wednesday, February 3, 2021, a remote public hearing is being held by the City Planning Commission in conjunction with the above ULURP hearing to receive comments related to a Draft Second Supplemental Generic Environmental Impact Statement (DSSGEIS) concerning an application by the Trust for Governors Island (the “Trust”) and the New York City Department of Small Business Services (collectively with the Trust, the “Applicant”) for land use actions to support and allow for the redevelopment of 33 acres within the southern**

section of Governors Island and to preserve over 46 acres of open space on the remainder of the South Island. Governors Island (Manhattan Block 1, Lot 10) (the “Project Area”) is zoned R3-2. The northern portion, the North Island, is mapped as the Special Governors Island District.

The Proposed Actions include a) a zoning map amendment to extend the Special Governors Island District to the southern section of Governors Island (the South Island) and to rezone the R3-2 district within the South Island to a C4-1 district (ULURP No. 210127ZMM, CEQR No. 11DME007M); and b) a zoning text amendment to modify Article XIII, Chapter 4 to establish the existing Special Governors Island District as the North Island Subdistrict of the Special Governors Island District, to establish a new South Island Subdistrict of the Special Governors Island District, comprised of an Eastern Subarea, Western Subarea, and Open Space Subarea, and to provide new provisions applicable to the South Island Subdistrict (ULURP No. 210126ZRM, CEQR No. 11DME007M).

The proposed actions would permit development in the Eastern and Western Subareas with up to 4,275,000 square feet of floor area and limit the remaining portions of the South Island to public open space, recreational, water-dependent and related uses. The proposed actions will promote economic activity and allow a density of active uses that will enliven the Island for year-round, full-time usage. As part of the future development, the Applicant envisions a cross-disciplinary academic center for climate innovation, a use that will leverage the resources of Governors Island and the competitive advantages of New York City to create a physical hub and living lab that can help lead global efforts to create climate solutions. The permitted development will also help support the maintenance of the Island open spaces, historic buildings and fund expanded public access.

Written comments on the DSSGEIS are requested and will be received and considered by the Lead Agency through Tuesday, February 16, 2021.

For instructions on how to submit comments and participate in the remote hearing, please refer to the instructions at the beginning of this agenda.

This hearing is being held pursuant to the State Environmental Quality Review Act (SEQRA) and City Environmental Quality Review (CEQR), CEQR No. 11DME007M.
